

## PROJECT AT A GLANCE:

# INUNNGUINIQ (CHILDRearing): DEVELOPING AND PILOTING AN EVIDENCE-BASED INTERVENTION TO SUPPORT HIGH-RISK FAMILIES WHO EXPERIENCE FAMILY VIOLENCE IN NUNAVUT

### PROJECT GOAL:

To adapt, pilot, and evaluate the evidence-based Inunnguiniq Parenting Program with 'high-risk' parents/caregivers in Nunavut.

### PROJECT OBJECTIVES:

- To address key determinants of family violence in Nunavut including trauma and disrupted attachments, through an evidence-based, trauma-informed intervention;
- To build capacity in Nunavut communities to deliver parenting support programs to Nunavut parents
- To revitalize the role of *Inunnguiniq* (Inuit child-rearing and family philosophy) in the lives of Nunavummiut today, to foster supportive, loving homes for children
